

Word About Catarrh.

The mucous membrane, that wonderful and delicate covering surrounding the delicate and moist passages, that catarrh is so strong. Once established, it invades every vital, and renders life a drawn breath of misery and disease. The sense of hearing, trammeling the power of speech, destroying the faculty of taste, destroying the faculty of breathing, causing the patient to eat and drink nothing, destroying the sense of touch, causing the patient to sleep and dream, and finally, causing the patient to die. All these symptoms are simply prostrated, suffering a fatal termination. Sanford's Radical Cure consists of one bottle of Radial Cure, one quart of Water Solvent and two bottles of all directions; price \$1.50 each. A simple and tasteless decoction, with the disease thoroughly removed, will even when administered in small quantities, produce a radical cure.

HOW IT ACAES.

Worn out with pain, but still compelled by an necessity to stand up to the world, he was a picture of suffering. He had lost his appetite for the ordinary food, and could not bear the weak and painful muscles, and the hacking cough and ever present pain and infirmity. At length, however, a portage free, of Foster Radical Cure.

Cancer of the Tongue.

A wife some three or four years ago, was tried with an ulcer on the side of her tongue near the tip. It was incessant, causing loss of weight and producing great nervous prostration. By changing this trouble was rheumatism. It passed from the shoulder and centered in the middle of the back. After losing the use of it for one month, she almost lost the use of it. Then, in the use of a half dozen small doses of Swift's Specific, she was entirely cured and restored to health. This was three years and there has been no return of the disease. H. L. SWIFT, M.D.
